

LG LP097QX1 – iPad 3/4 Retina Display

PRODUCT ID: 1751

These are the same glorious 2048x1536 retina-blasting, ultra-high pixel density, IPS displays you may have seen in iPad 3 or 4's. This product comes with only the brand new 9.7" diagonal TFT display module, no driver thunderbolt connector! We also sell a Qualia driver and a full kit with our Adafruit Qualia 9.7" DisplayPort Monitor Kit. This part is for advanced users, we suggest our monitor kit for most people.

Exact part number and manufacturer may vary, we cannot guarantee the TFT manufacturer will be LG. (All available displays are drop-in replaceable)
