## SIEMENS

## Data sheet

## US2:17CUB82NS10

Non-reversing motor starter, Size 0, Three phase full voltage, Solid-state overload relay, OLR amp range 0.75-3.4A, 24VDC coil, Combination type, 30A fusible disconnect, 30A/250V fuse clip, Enclosure NEMA type 4/12, Water/dust tight for outdoors, Extra-wide enclosure

|--|

| product brand name  | Class 17  |
|---|---|
| design of the product   | Non-reversing motor starter with fusible disconnect |
| special product feature   | ESP200 overload relay                               |
| General technical data  |   |
| weight [lb]   | 47 lb   |
| Height x Width x Depth [in]   | 24 × 20 × 8 in                                      |
| touch protection against electrical shock                               | NA for enclosed products                            |
| installation altitude [ft] at height above sea level maximum            | 6560 ft   |
| ambient temperature [°F]  |   |
| <ul> <li>during storage</li> </ul>                                      | -22 +149 °F   |
| during operation  | -4 +104 °F  |
| ambient temperature   |   |
| <ul> <li>during storage</li> </ul>                                      | -30 +65 °C  |
| during operation  | -20 +40 °C  |
| country of origin   | USA   |
| Horsepower ratings  |   |
| yielded mechanical performance [hp] for 3-phase AC motor                |   |
| • at 200/208 V rated value  | 0.5 hp  |
| • at 220/230 V rated value  | 0.75 hp   |
| • at 460/480 V rated value  | 0 hp  |
| • at 575/600 V rated value  | 0 hp  |
| Contactor   |   |
| size of contactor   | NEMA controller size 0                              |
| number of NO contacts for main contacts                                 | 3   |
| operating voltage for main current circuit at AC at 60 Hz maximum       | 600 V   |
| operational current at AC at 600 V rated value                          | 18 A  |
| mechanical service life (switching cycles) of the main contacts typical | 1000000   |
| Auxiliary contact   |   |
| number of NC contacts at contactor for auxiliary contacts               | 0   |
| number of NO contacts at contactor for auxiliary contacts               | 1   |
| number of total auxiliary contacts maximum                              | 8   |
| contact rating of auxiliary contacts of contactor according to UL       | 10A@600VAC (A600), 5A@600VDC (P600)                 |
| Coil  |   |
| type of voltage of the control supply voltage                           | DC  |
| control supply voltage  |   |

| at DC rated value  | 24 V                                 |
|--|--------------------------------------|
| holding power at AC minimum  | 24 V<br>0 W                          |
| apparent pick-up power of magnet coil at AC  | 163 VA                               |
| apparent holding power of magnet coil at AC  | 5.5 VA                               |
| operating range factor control supply voltage rated value<br>of magnet coil                        | 0.85 1.1                             |
| percental drop-out voltage of magnet coil related to the input voltage                             | 25 %                                 |
| ON-delay time  | 21 21 ms                             |
| OFF-delay time   | 11 11 ms                             |
| Overload relay   | 1111110                              |
|  |                                      |
| product function   | Yes                                  |
| overload protection  |                                      |
| phase failure detection  | Yes                                  |
| asymmetry detection  | Yes                                  |
| ground fault detection   | Yes                                  |
| test function  | Yes                                  |
| external reset   | Yes                                  |
| reset function   | Manual, automatic and remote         |
| trip class   | CLASS 5 / 10 / 20 (factory set) / 30 |
| adjustable current response value current of the current-<br>dependent overload release            | 0.75 3.4 A                           |
| tripping time at phase-loss maximum  | 3 s                                  |
| relative repeat accuracy   | 1 %                                  |
| product feature protective coating on printed-circuit board  | Yes                                  |
| number of NC contacts of auxiliary contacts of overload<br>relay                                   | 1                                    |
| number of NO contacts of auxiliary contacts of overload<br>relay                                   | 1                                    |
| operational current of auxiliary contacts of overload relay  |                                      |
| • at AC at 600 V   | 5 A                                  |
| • at DC at 250 V   | 1 A                                  |
| contact rating of auxiliary contacts of overload relay<br>according to UL                          | 5A@600VAC (B600), 1A@250VDC (R300)   |
| insulation voltage (Ui)  |                                      |
| <ul> <li>with single-phase operation at AC rated value</li> </ul>                                  | 600 V                                |
| <ul> <li>with multi-phase operation at AC rated value</li> </ul>                                   | 300 V                                |
| Disconnect Switch  |                                      |
| response value of switch disconnector  | 30A / 250V                           |
| design of fuse holder  | Class R fuse clips                   |
| operating class of the fuse link   | Class R                              |
| Enclosure  |                                      |
| degree of protection NEMA rating   | 4, 12                                |
| design of the housing  | dustproof, waterproof & weatherproof |
| Mounting/wiring  |                                      |
| mounting position  | vertical                             |
|  |                                      |
| fastening method<br>type of electrical connection for supply voltage line-side                     | Surface mounting and installation    |
|  | Box lug<br>35 35 lbf·in              |
| tightening torque [lbf·in] for supply<br>type of connectable conductor cross-sections at line-side | 1x (14 2 AWG)                        |
| at AWG cables single or multi-stranded   |                                      |
| temperature of the conductor for supply maximum<br>permissible                                     | 75 °C                                |
| material of the conductor for supply   | AL or CU                             |
| type of electrical connection for load-side outgoing feeder  | Screw-type terminals                 |
| tightening torque [lbf·in] for load-side outgoing feeder   | 20 24 lbf·in                         |
| type of connectable conductor cross-sections at AWG  | 2x (14 10 AWG)                       |
| cables for load-side outgoing feeder single or multi-<br>stranded                                  |                                      |
| cables for load-side outgoing feeder single or multi-  | 75 °C                                |

|   | -   |  |
|---|---|--|
| type of electrical connection of magnet coil  | Screw-type terminals                                |  |
| tightening torque [lbf·in] at magnet coil   | 5 12 lbf·in   |  |
| type of connectable conductor cross-sections of magnet<br>coil at AWG cables single or multi-stranded   | 2x (16 12 AWG)                                      |  |
| temperature of the conductor at magnet coil maximum permissible   | 75 °C   |  |
| material of the conductor at magnet coil  | CU  |  |
| type of electrical connection for auxiliary contacts  | Screw-type terminals                                |  |
| tightening torque [lbf-in] at contactor for auxiliary contacts  | 10 15 lbf·in  |  |
| type of connectable conductor cross-sections at contactor<br>at AWG cables for auxiliary contacts single or multi-<br>stranded  | 1x (12 AWG), 2x (16 14 AWG), 2x (18 16 AWG)         |  |
| temperature of the conductor at contactor for auxiliary<br>contacts maximum permissible   | 75 °C   |  |
| material of the conductor at contactor for auxiliary contacts   | CU  |  |
| type of electrical connection at overload relay for auxiliary contacts  | Screw-type terminals                                |  |
| tightening torque [lbf·in] at overload relay for auxiliary contacts   | 7 10 lbf·in   |  |
| type of connectable conductor cross-sections at overload<br>relay at AWG cables for auxiliary contacts single or multi-<br>stranded   | 2x (20 14 AWG)                                      |  |
| temperature of the conductor at overload relay for auxiliary contacts maximum permissible   | 75 °C   |  |
| material of the conductor at overload relay for auxiliary contacts  | CU  |  |
| Short-circuit current rating  |   |  |
| design of the fuse link for short-circuit protection of the<br>main circuit required  | 10kA@600V (Class H or K); 100kA@600V (Class R or J) |  |
| certificate of suitability  | NEMA ICS 2; UL 508; CSA 22.2, No.14                 |  |
